

BUSINESS PROPOSAL & QUOTATION

For: Custom E-Commerce Platform & Business CRM

Prepared For: Alsh Designer, Dharavi, Mumbai

Prepared By: Ansari Abu Salim

Date: August 16, 2026

1. Project Objective

To develop a premium digital storefront and a robust backend management system for Alsh Designer. The platform will enhance the brand's online presence, streamline custom tailoring measurements, track bulk/B2B inquiries, and provide a digital ledger for advance payments and order tracking.

2. Scope of Work

MODULE 1: Premium E-Commerce Website (Customer Facing)

- **High-End Catalog Display:** Premium layout to showcase Sherwanis, Indo-Western wear, and custom suits.
- **Smart "WhatsApp Commerce" Checkout:** Direct redirect to WhatsApp with a pre-filled product inquiry message.
- **User Authentication:** Secure Signup/Login portal for customers to track their history.
- **Responsive Design:** 100% Mobile, Tablet, and Desktop optimized.

MODULE 2: Advanced CRM & Order Management (Internal Admin Panel)

- **Smart Customer & Measurement Diary:** Digital vault to securely save customer details along with complete body measurements for repeat orders.
- **Dynamic Product Manager:** Admin interface to effortlessly add, edit, or remove catalog items, prices, and HD images.
- **Order & Payment Tracker:** Real-time pipeline and financial ledger to track 50% advance received and pending balances.

MODULE 3: Business Analytics & Financial Dashboard

- **Revenue Tracking:** Dashboard displaying total revenue, 100% paid orders, and pending dues.
- **Traffic & Location Analytics:** Google Analytics (GA4) integration to track daily website visitors and user behavior.

3. Technology Stack & Infrastructure

- **Frontend & Backend:** Next.js, Tailwind CSS, Node.js, Express.js

- **Database & Hosting:** MongoDB Atlas, Cloudinary (Images), Vercel/Render

4. Investment & Commercial Valuation

The total market value for this custom software development is outlined below:

Deliverable	Cost Valuation (INR)
Module 1: Frontend UI/UX, Catalog & WhatsApp Commerce	₹ 25,000
Module 2: Backend MERN CRM, Measurement & Order Tracker	₹ 35,000
Module 3: Analytics Dashboard & Financial Pipeline	₹ 15,000
Total Project Valuation	₹ 75,000

Special Commercial Agreement (Barter Exchange)

In lieu of the ₹75,000 cash payment, both parties agree to a 100% barter exchange. Alsh Designer will provide the following premium custom-made apparel to the Lead Developer:

- **3 x Premium Custom Coats** (Top-tier fabric, custom measurements)
- **3 x Premium Indo-Western Suits** (Top-tier fabric, custom measurements)

Note: The quality of the fabric, stitching, and finishing will be of the highest premium tier, strictly matching the ₹75,000 valuation of the IT services provided.

5. Project Timeline

Total Estimated Time: 4 to 6 Weeks

- **Week 1-2:** UI/UX Design & Frontend Development.
- **Week 3-4:** Backend CRM, Database Setup, and Image Integration.
- **Week 5-6:** Financial Dashboard, Testing, Bug Fixing, and Final Launch.

6. Handover & Delivery Terms

- **Milestone 1:** Initial measurements for the apparel to be taken by Alsh Designer at project kickoff.
- **Milestone 2:** 50% of the apparel (e.g., 3 outfits) to be delivered upon completion of the Frontend and CRM Beta Demo.

- **Milestone 3:** Remaining 50% of the apparel to be delivered prior to final software deployment and source code handover.
- **Exclusions:** Domain Name and future Server scaling costs are not included and will be borne by the client at actuals.
